EDUCATION

Graphic Era University   Dehradun, Uttarakhand
Master Of Computer Application, major in programming   *Oct 2021 - June 2023*

CCS University   Meerut, Uttar Pradesh
Bachelor Of Computer Applications   *Aug 2018 - March 2021*

EXPERIENCE

Frontend End Developer Intern   Jan 2024 - May 2024
Avnide Sports Pvt Ltd   *Gurugram, Haryana*

- Develop scalable, high-performance web applications using Next.js and JavaScript, achieving a 30% decrease in loading time.
- Craft engaging, user-friendly interfaces with Tailwind CSS, Aceternity components, and Material UI, enhancing user interaction.

PROJECTS

Wisper-video (click me) | *Nextjs, React, Javascript, Tailwind, AWS S3*

- Developed a platform that allows users to upload videos and edit their subtitles on the timeline and uses different colors and fonts.
- Implemented Aceternity components and Material UI to create an intuitive, user-friendly interface, ensuring a smooth and engaging user experience.
- Achieved a 30% decrease in loading times through efficient coding practices and optimization techniques, enhancing the overall performance and responsiveness of the application.

Netflix | *React, Flask, MongoDB, AWS s3, Tailwind*

- Built a feature-rich web app using React.js, enabling users to browse, search, and stream movies and TV shows, with functionalities such as user authentication, watchlists, and personalized recommendations.
- Implemented video streaming capabilities with AWS S3 and CloudFront, and created a robust backend using Node.js and Express to handle user data, content management, and real-time interactions.
- Designed and developed a responsive user interface with React and CSS frameworks (like Tailwind CSS), ensuring seamless performance across various devices and screen sizes while optimizing load times and user engagement.

TECHNICAL SKILLS

Languages: Java, c++, Javascript, Python, SQL, HTML/CSS, swift
Frameworks: React, Next.js, Node.js, Django, FastAPI, Material-UI
Developer Tools: Git, Docker, VS Code, AWS S3, PyCharm, Postman
Libraries: NumPy, Pandas, Matplotlib, Axios, Socket.Io
